

itself for that matter.

PRESIDENT: Very well. Senator Chambers, for the committee amendments.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, I would like to ask Senator Hoagland a question. This first one is strictly for clarification. Senator Hoagland, the last committee amendment says...and maybe I am misunderstanding something here, Sections 1 to 76 and 79 shall become operative on September 1st, 1986. The remaining sections shall become operative on their effective date. How many sections are in your copy of the bill? Is this white copy, this white material within the two green covers, the bill?

SENATOR HOAGLAND: Yes, that is the bill, Senator Chambers.

SENATOR CHAMBERS: The last section that I see, and maybe I am reading it wrong, is number 76, Section 76.

SENATOR HOAGLAND: Okay.

SENATOR CHAMBERS: So what is this 79 referring to?

SENATOR HOAGLAND: Well, the committee amendments insert a new Section 76 and Section 77. If you will look at the second page of the committee amendments, you will see a new Section 76 and Section 77.

SENATOR CHAMBERS: Okay. So where is Section 79? You would renumber this 76 in the original bill as Section 79?

SENATOR HOAGLAND: Yes, that is right. Section 76 in the original bill will become renumbered Section 79.

SENATOR CHAMBERS: Okay. Now you talked about this bill in terms of it being a child support measure. On page 51 in subsection (c) at line 10, there begins a paragraph of new language and in line 11 it says "spousal support". What does that refer to?

SENATOR HOAGLAND: Senator Chambers, spousal support is defined in the bill. Let me find it for you.

SENATOR CHAMBERS: You can just tell me. Is that alimony?
